

There is a tall, light-skinned,  
wing, man in the picture. He's  
bearded with long side hair.  
Clothing is light weight, tan in  
color, dirty and messy. He's  
not to be trusted. In his  
need to "prove to the world"  
that he's right, he is  
manufacturing evidence that  
proves his theory. His throat  
desperate. Need is to avoid  
punishment has to gain  
wealth and fame - not an  
altruistic bone in his body.
